

# Environmental, Health & Safety Policy

Lexmark is committed to excellence in all our business activities, products and services. The company, through a commitment to continual improvement in our environmental and in our health and safety programs, strives to:

- Be an environmentally responsible provider of high-quality products and services,
- Be a good environmental steward, preserving and protecting our natural resources and practicing pollution prevention,
- Be a responsible neighbor and employer, committed to compliance with relevant environmental, safety and health regulations, laws, and other criteria to which Lexmark subscribes.

Lexmark senior management is responsible for this policy and its scope, for communicating it and ensuring its implementation. Lexmark managers are responsible for integrating these core values and objectives into their decision-making processes and operational practices. All employees are expected to conduct themselves in a manner consistent with this policy.
